Hello Ann, Jeff, John and Gary,

I am attaching two versions of the draft FFA for Bradford Island. The first one compares the 4.18.22 sent by EPA with the Ft. Eustis model. The second one compares the 8.4.22 version sent by WA/OR/EPA with the Ft. Eustis model.

I am thinking we will be working from the 8.4.22 version with respect to USACE response, but also wanted everyone to see how the earlier 4.18.22 version compares with Ft. Eustis.

Thank you for participating in our discussions earlier today. I look forward to our next negotiation session on Monday, September 19, from 10-12 Pacific time.

Respectfully,

Richard
